Hunting and fishing information: (208)334-2592 <https://fishandgame.idaho.gov/content/fire>

Northern Rockies Fire Information (Montana): (406) 829-7316

### FIRE DANGER: **VERY HIGH**

Fires will start easily from most causes, spread rapidly and have a quick increase in intensity, right after ignition. Small fires can quickly become large fires and exhibit extreme fire intensity, such as long-distance spotting and fire whirls. These fires can be difficult to control and will often become much larger and longer-lasting fires. **Stage II Fire Restrictions are in effect within Grangeville & Coeur d'Alene Dispatch Restriction Areas.**

### WEATHER:

Mostly cloudy, rain in the morning with chance of thunderstorms through the day. Showers *may* linger Sunday through Tuesday, with warmer and drier conditions expected for the middle of the week. High temps 52-58 in valleys and 44-51 in mountains today. 20-foot and transport winds 4-9 mph from the south shifting to the east in the afternoon. Lightning activity level (LAL) = 2

For the latest air quality rating: <http://www.deq.idaho.gov>

**SUMMARY:** Cooler temperatures and precipitation will offer some reprieve for firefighting efforts today. However, due to the extremely dry conditions of the landscape and spotty rain events, Forest closures remain in effect. Fire managers continue to actively monitor and evaluate the current and predicted conditions:

- **Parker Ridge Fire- total acreage 6,675, 55% containment.** Type 3 IMT (Weeks); 7/29 lightning start. Location is approximately 20 miles NW of Bonners Ferry and 7 miles SW of Porthill, ID. Fire personnel: 62. Fire behavior is minimal, with some smoldering. Crews will continue mop-up and full suppression strategy, where feasible. A Stage I Alert has lifted. Fire information: 208-267-6773 Email: [parkerridgefireinfo@gmail.com](mailto:parkerridgefireinfo@gmail.com)
- **Clark Fork Complex- total acreage 15,744 acres. 75% contained.** Type 2 IMT (Hutton); 8/14 start. Located in N. Idaho and NW Montana. Fire personnel: 188. Complex includes the following fires with most recent acreage updates: Scotchman Peak (2,057 acres), Whitetail (1,870 acres), Sawtooth\* (2,465 acres), Marten Creek (6 acres), Napoleon\* (8,957 acres), and Government\* (399 acres). Fire activity remained light; plan to continue efforts to demobilize equipment and crews as divisional objectives are met. Fire information: 406-847-9974 or 406-827- 0731. [clarkfork2015@gmail.com](mailto:clarkfork2015@gmail.com)
- **Avery Fire Complex - total acreage 5,089 acres, 6% containment.** Type 2 IMT (Rosenthal) is in place; 8/11 lightning starts, located in the southeastern portion of the St. Joe Ranger District, approx. 7 miles SW of Avery, ID. Fire personnel: 369. Complex

now includes 4 fires: Pretty (256 acres), Marble Creek (3,070 acres), Crater (593 acres), and Breezy (1,396 acres). Areas along the fire perimeter and interior that contain heat continue to burn actively. Crews made good progress on east flank of Breezy Fire, and will continue burn-out operations on Marble Creek. Pretty and Crater fires remain unstaffed. Road and area closures remain in effect. Fire information: 208-262-3910.

- **Tower Fire 24,329 acres, 34% containment.** (Part of Kaniksu Complex which includes fires in Washington and Idaho ) **Kaniksu Complex total acreage 26,249, 22% completed.** Alaska IMT (Kurth); 8/11 lightning start, located 17 mi. north of Newport, WA and 6 mi. west of Priest Lake, ID. Fire personnel: 790. Baldy (515 acres, 100% containment), Onata (546 acres, 91% containment), Hall Mountain (39 acres), Grease Creek (609 acres), Slate Creek (1 acre), and South Fork Slate Creek Trail (167 acres). The Colville NF is managing the fire with guidance from Idaho Panhandle NF fire management. Recent conditions limited fire growth to creeping and jackpot burning. **A public meeting is scheduled Saturday September 5, at 7:30 p.m. at the Priest Lake Elementary School.** Fire information: 907-750-1639 or 208-443-6835 or [towerfireinfo@gmail.com](mailto:towerfireinfo@gmail.com)
- **Grizzly Complex: 18,648 acres, 14% completed.** Type 2 IMT (Fry); 8/10 lightning starts (16 fires); located between Enaville and Murray Idaho, in the North Fork of the Coeur d'Alene River drainage near Grizzly Peak. Fire personnel: 146. All of the initial fire starts have since been contained or grown together; complex now consists of 3 larger fires and 3 medium fires: Lower Flat Fire (6,764 acres), South Bobtail (6,262 acres), North Grizzly (3,709 acres), Grassy Mountain (835 acres), White Rock Creek (752 acres), Steep Creek (295 acres), and other small fires combined (31 acres). Closures remain in effect. A Stage 1 evacuation notice continues to be in effect in Shoshone County ID for the Hope Valley Road residents near Trout Creek, MT. Fire information: 208-784-0219.
- **Monument: 618 acres, 65% containment.** Local Type 3 IC; 8/21 lightning start; located on Monument Peak 15 miles North of Rose Lake on the Coeur d'Alene River RD. Crews were able to make great progress, increasing containment to 65%. Closures remain in effect.
- **Snow Peak Complex: Total acreage for complex: 6,750 acres, 0% completed.** Local Type 3 IC (Juvan). The Snow Peak Complex is comprised of 11 separate fires within the southeastern portion of the St. Joe Ranger District including the Snow Peak Wildlife Management Area, upper portion of the Mallard Larkins Pioneer Area, and the Ruby Point to Yankee Peak area south of the St. Joe River. (Ruby Point, Basin Creek, Trail 55, Caribou, Lightning Ridge, Chicadee, Game, Pole Creek, and My Ruby fires.) A major portion of this complex consists of the Chicadee Fire (5,393 acres). Due to terrain, limited resources, and no immediate threats to life and structures, the Snow Peak Complex does not have firefighters on the ground. The Snow Peak Complex area is currently closed to all public access. *Due to limited staffing and resources on this fire, acreage and containment updates will only be reported weekly (Thursdays).*

- **Last Inch: 689 acres, 78% containment.** Type 2 IMT (Schenk); 8/21 lightning start; located 12 miles east of Clarkia in Glover Creek/ Woesner Ridge and into west Floodwater Creek drainage .Fire personnel: 92. Activity minimal, but still some single and group tree torching. Fire information:508-400-3891 [lastinchfireinfo@gmail.com](mailto:lastinchfireinfo@gmail.com)

#### **Evacuation Information:**

- Residents in most counties throughout north Idaho can receive evacuation notices by text message by registering with a service called “Nixle.” To register, text your ZIP CODE to 888777 for mobile alerts. This is a free citizen voice and text alert notification service.  
**Definitions: Level 1 Alert (Get Ready)** Residents should be ready, aware of increased risk and monitor emergency services. Residents should prepare and if needed, take early precautionary movement to relocate, especially those with special needs, pets, livestock or those needing transportation assistance.  
**Level 2 Voluntary Evacuation (Get Set)** Residents should be prepared to leave at a moment’s notice. Monitor emergency services, a significant danger exists. It is suggested you voluntarily relocate to a shelter or with family/friends.

#### **ACRONYMS:**

- IPNF: Idaho Panhandle National Forests
- IPNF NZ: Idaho Panhandle National Forests North Zone (U.S. Forest Service) IPNF CZ: Idaho Panhandle National Forests Central Zone (U.S. Forest Service)
- IPNF SZ: Idaho Panhandle National Forests South Zone (U.S. Forest Service) IDL: Idaho Department of Lands (State)
- ICT: Incident Command Type
- IMT: Incident Management Team
- NF: National Forest

## **TEMPORARY WILDFIRE EMERGENCY CLOSURES ON IDAHO PANHANDLE NF**

Emergency closures are in effect due to fire activity. **See the Idaho Panhandle National Forest website for the full text and map of each closure.** Public is prohibited to go into or be upon these areas, roads, and trails.

- **Priest Lake Ranger District (RD) – The Tower fire closure area was amended 9/3 to open Road 305 (Bear Paw Rd.) from Hwy. 57 to Road 318. See website for detailed map. The closures on the Upper Priest Fire include:** Road 1013 north of Lime Creek. Trail #308 and Trail #28.
- **Bonnors Ferry RD - Due to Parker Ridge Fire:** Parker Creek Trail #14, Long Canyon Trail #16 and Parker Ridge Trail #221. Previously closed trails remain closed. They include Parker Ridge Trail #221 (Sections 7 and 8 of T64N, R1W and sections 12, 13, 14, 15, 2, and 27 of R2W) and the Fisher Peak Trail.
- **Sandpoint RD - Due to Clark Fork Complex (Scotchman Peak and Whitetail Fires):** The Scotchman Peak and Clark Fork Closures.
- **Coeur d’Alene River RD – Due to Grizzly Complex:** The Coeur d’Alene River Ranger District Fire Closure encompasses the majority of the district land, south of Bunco Road (FS 332) and north of I-90.
- **St. Joe RD– Due to Avery and Snow Peak Complexes:** The Marble Creek, Breezy-Chicadee, and Snow Peak Closures combine to encompass a large portion of the St. Joe Ranger District and nearby BLM and industrial timber lands. Closure impacts areas south of Highway 50 and the St. Joe River, east of Marble Creek Road and west of Forest Road 218 (Red Ives Rd.) Highway 50 and the St. Joe River Road and campgrounds along the river remain open. Highway 50 into Montana over Gold Pass beyond the Forest Road 218 junction is closed. Generally, all lands south of the St. Joe River and east of Marble Creek remain closed.

For information regarding fire activity and closures on the Kootenai National Forest in Montana, please see the Forest website: [www.fs.usda.gov/kootenai](http://www.fs.usda.gov/kootenai)

### **Stage II Fire Restrictions: The following acts are prohibited until further notice:**

1. Building, maintaining, attending, or using a fire, campfire, or stove fire.
2. Smoking, except within an enclosed vehicle or building, a designated smoking site or while stopped in an area at least 3 feet in diameter that is barren or cleared of all flammable materials.
3. Operating motorized vehicles off designated roads and trails in accordance with existing travel management plans for non-commercial purposes including ATVs, UTVs, and pickups.
4. The following acts are prohibited from 1:00 p.m. to 1:00 a.m. A patrol is required for one hour following cessation of all work as described in **a, b, and c** below:
  - a. Operating a chainsaw or other equipment powered by an internal combustion engine for felling, bucking, skidding, processing, road building, woodcutting or any other off-road activity during industrial operations.
  - b. Blasting, welding, or other activities that generate flame or flammable material.
  - c. Using an explosive

**\*Private landowners within city boundaries should consult their local Fire Department for current restrictions in their community.**

**SUMMARY TABLE: ACTIVE WILDFIRES IN NORTHERN IDAHO – SEPTEMBER 5, 2015**

<b>Incident Name</b>	<b>Location</b>	<b>Current Size (acres)</b>	<b>Protection Agency</b>	<b>Status</b>
Birthday	SZ – St. Joe	158	IPNF	Start 8/27; Snow Peak Complex
